

## Tempted in the Tropics

The only thing they agree on is the sultry heat between them. Paige Ellerbee's life is far from perfect after moving back to small-town Maple Creek--there's her struggling bakery, Sweet Bees; her aging father; and the fact she's practically the only single girl in town. But when Lane Anderson, the town's hot--and young!--new doctor, moves in next door, she wouldn't mind receiving some intensive care...until their first conversation starts a feud. Lane came to Maple Creek to lay low after inadvertently being associated with a pill-prescribing scandal. When the gorgeous blonde next door asks for his help with a program that could raise eyebrows, he has to refuse. He's been burned in the past when blinded by love, yet Paige's feisty personality has his blood running hot. When a little matchmaking lands Lane at Paige's best friend's wedding in St. Lucia, suddenly the romantic island vibe tempts them to kiss and make up. A temporary truce might be just what they both want--but forever love might be more than they can agree on.
