

Bear to the Rescue (Bear Claw Security Book 3)

Bronson is the best bear in the business when it comes to personal protection. As the owner and founder of Bear Claw Security, he takes bodyguarding to a whole new level. And while hes used to ladies coming on to him for his good looks and easy smile, he has never had a problem staying professional. That is, until his new employee turns out to be a sassy, curvy, sharp-witted hacker who needs his protection and may just be his mate. Tech expert Regan is only working at Bear Claw as a favor to a friend. Shes definitely not planning to stay long term. Not when it puts her next to a gigantic, handsome, overwhelming bear shifter that makes her weak in the knees if she looks at him too long. She doesnt need or want a mate, no matter how much the animal inside her begs for a taste of her sexy, alpha male boss. But when a close call lands her under his protection and in his house, Regan isnt sure she can hold off much longer. With two alpha bear shifters in close quarters, its easy for things to get steamy and complicated. But Bronson knows he wants Regan for keeps. Now to convince her that hes a bear she can trust, while keeping her safe from the forces following her, and the skeletons in his own closet that are threatening to break out.
