

Masters of the Cats: Collaring the Saber-Tooth (Volume 1)

Best-selling erotic romance author Trinity Blacio (Running with Fear) brings her unique blend of paranormal menage to the realm of vampires and shape-shifters with her new series, Masters of the Cat, a world where every woman has three masters to love her. Collaring the Saber-Tooth: Book One Light years away, the Tetraheros came together. Their creation, the Cometedge race, is on the verge of extinction, even with the female companions provided to them throughout the years. Meanwhile one lone rogue has tried to wipe out the feline shifter population on Earth. There was only one solution: The Cometedge Pact. Three warriors are bound to every female, connecting two separate races through a sense of duty, blood, sex, and love.
