

A Week in Milan

Getting what she wants isn't going to be easy. Designer department store owner Giovanni Monastero thought moving to LA would help him forget the nightmare of his childhood. Until he visits Milan during Fashion Week with one of their designers, he doesn't realize how much his past still haunts him. Fashion designer Amanda Hart has been chewed up and spat out by her son's father. The only dating she does now is in her dreams. None of the guys she fantasizes about can hurt her. When the star of those fantasies offers her the career chance of a lifetime, no isn't an option even though it means spending a week in close contact with him. With one dream coming true, will Amanda have the courage to go after another? **Content Warning:** contains smoldering sex, enough doubt to keep an island afloat, and more persuasion than a guy should need. **REVIEWS:** I absolutely loved this book.
