

True to Her Heart (Siren Publishing Menage Amour)

[Menage Amour: Erotic Menage a Trois Romance, M/F/M, voyeurism, public exhibition, HEA] Everyone in her hometown knows that Molly Evain is shy. As a librarian she relates to books better than to people. Quiet, reserved, demure...all words people use to describe her, including her boyfriend. But when he pops the big question, Molly realizes she doesn't want to be those adjectives anymore. What she doesn't know is if she's able to change since she suffers from panic attacks and agoraphobia. In order to give herself time before answering, she decides to take an impromptu vacation to Paris. A chance encounter puts her in the path of not one, but two handsome men. Rookery Jones is a hockey heartthrob, on vacation to find relaxation and anonymity in Europe. Shane Gordon is the man she is having a voyeuristic romance with through her hotel window. When she realizes both men are best friends and she's whisked to the French countryside, Rookery and Shane come to terms that they are both falling for the same girl. But their lives are disrupted by the media attention of their relationship, and Molly doesn't know if she's strong enough to handle the attention and publicity. Does she run away, knowing that if she does, she could lose both the men she's come to love?
