

Twisted Honor: Deep Six Security Series Book 2

The last thing Slade wants is to be in charge of anyone but himself and his dog Lola. The military taught him the high price of being in command and he wants none of it. But Dave Logan, his boss and best friend, doesn't care what he wants and puts Slade in the hot seat at Deep Six Security while he goes off the grid with his new bride. Just as Slade knew it would, a Charlie Foxtrot quickly follows and he loses the hard-won peace in his life when a high-profile client's son is kidnapped from under their noses at a luxury hotel and Deep Six Security's biggest contract in jeopardy on his watch. With no leads in the case, Slade is desperate for help, so he hires Taylor Kincaid, the hotel's small, but feisty former head of security when she gets fired over the incident. As the situation unravels Slade realizes hiring her has only added to his responsibilities, though, when someone takes pot shots at her and it doesn't appear to be the kidnapers. Things go from bad to worse when a terrorist plot is uncovered and Slade has some tough choices to make fast.

Does he save the child and the contract, the woman who ties him in knots but he might could see himself loving, or does he save the whole state before the grenade in his hand explodes?
