

## Twitterpated

Jessie Taylor is furious when her roommate secretly posts her picture on the dating website LDS Lookup, furious, that is, until she spends all night instant messaging Ben Bratton, a man whose wit and warmth just might make Jessie forget the train wreck of her last romantic relationship. Their first date is a smashing success (literally), but Bens overall awesomeness cant save Jessie from having to deal with Craig, her competitive coworker whose baiting behavior sets new standards for obnoxiousness. Determined to beat Craig at his own game, Jessie spends long office hours finishing projects and putting out fires, but while her performance wows her boss, it only makes Ben skittish, after a failed engagement to an up-and-coming lawyer, hes not about to pair up with someone whos married to her job. Will Jessie figure out how to be true to herself and take her big chance at love before its gone with a click of the mouse?
