

Broken Moon - Part 4

In the bloody aftermath of his attempt to leave the Highland Pack, Cyan faces punishment, exile, and perhaps worse. With no allies left amongst the people whose hands his fate rests in, and with Hazel yet again eager to turn the situation to his advantage, all seems lost for the wounded alpha. But despite his apparent betrayal, April still has the power to intervene. Secrets are revealed, truths come to light, and bonds of kinship are broken as the inner conflicts within the Highland Pack finally come to a head. The world is about to change for April and Cyan, and neither of them will emerge from the conflict unscathed. *UPDATE* As of May 2014 I have condensed the serial down into five parts rather than nine, with each instalment now being roughly double the previous length. Happy reading! Part 4 of a 5 part serial. 29350 words in length. Contains explicit descriptions of sex.
