

Unhinge: A Novel

In Calia Reads electrifying and steamy novel of psychological suspense, a handsome stranger shatters a beautiful young womans picture-perfect vision of her past. Hold your breath and count to ten. Soon it will be over before it ever began. No matter how many times Victoria Donovan repeats that phrase to herself, shes still trapped behind the walls of a mental institution. Once upon a time, her life was like a fantasy: Wes, the handsome fiance, followed by a storybook wedding and a white picket fence. But then a picture-perfect marriage twisted into something sinister. And as Victorias world warped from dream to nightmare, her husbands obsessions pushed her beyond the breaking point. At first Fairfax Mental Health Institute seems like a safe place for Victoria to heal with her baby, Evelyn, and to hide from Wes, presumed dead by everyone except Victoria. Her husband is still alive, she has no doubt: He slips into her room at night to torment and tempt her. One smoldering kiss and shes powerless. Of course, no one believes her about these visits. When she meets a sexy, mysterious stranger intent on helping her recall her past, Victoria isnt sure she can trust him. But deep in her heart, she also knows that the only way out of Fairfax is to remember the way she came in. Unhinge is intended for mature audiences. Advance praise for Unhinge Unpredictable, unputdownable, and simply epic. New York Times bestselling author Katy Evans Calia Read has a way of making me feel as if Im living inside her books. Unhinge is a haunting story that gripped me instantly and left me immersed in the world of Fairfax. I love it when books make such a lasting impression.
