According to Hayley love is a subject of ridicule, a myth created by hopeless romantics. When Hayley makes a resolution to declare her loose lifestyle era R.I.P, its all good in theory...That is until she meets Daniel Stark, a well-respected, mid-thirties business man who is known for his short temper, lack of steady relationships as well as his strict preserve of his private life.Opinionated, sharp tongued Hayley accidently steps into his office leaving Daniel resolved to put Hayley in her place and have her in his bed. Both Hayley and Daniel cant avoid the immediate instigation of the attraction between them.In a unanimously agreed upon verdict by Hayley and her two best friends, Ian the gay self-absorbed, aspiring model and Natasha the witty, borderline neurotic soul mate, Daniel Stark is to be Hayleys pure physical attraction, emotions aside era closure.Will it indeed be a closure, or a beginning to something neither Hayley nor Daniel ever bargained for...
