

Italian Interlude (Destination: Desire series)

Love is the best souvenir. Destination: Desire, Book 2.5 While studying abroad for a year in Rome, Karen Hudson meets the man of her dreams. Tate Patton is everything she's ever wanted tall, smart, handsome, ambitious. Unfortunately, their year is coming to an end, and he's dragging her along to spend their last week in a rented villa on the Amalfi Coast with his parents. Just what she was hoping for to meet the family right before she gets dumped. Tate can't imagine his life without Karen in it. But his parents are a lot to take, and he wants to make sure she knows what she's getting into when he asks her to marry him. Being a Patton is a responsibility, and he has huge shoes to fill, but he knows he can do it with Karen by his side. Now he just has to convince her that their love wasn't a temporary fantasy, but something strong enough to survive the real world. Warning: Very practical people doing impractical (and very naughty) things together, Like falling in love and having sex in exotic villas and hoping the parents don't catch them!
