

Jarrett

Addison Parker is on the run. No matter how fast she runs, or how far she travels she cant hide from herself, or the gift shes been cursed with. She can read peoples minds and with a touch can see into their future. That is a secret that she has learned to keep well?everyone always wanted something from her when they learned what she could do. Its easier to avoid people all together. Jarrett Emerson is just helping his dad and brother protect an innocent from a perverted wretch. But when a falling brick knocks Addie unconscious, she falls right into Jarretts arms. To his surprise he realizes that she is his mate and human... Addie felt stupid standing there like she was and moved to the sink. Jarrett watched her before he reached for a second glass. Addie had no idea why, but she thought he was nervous. Im not going to pounce on you. As soon as the words left her mouth, she knew that shed made a major mistake. He turned so quickly that she backed up and hit her ass on the counter behind her. He didnt stop there but took the two more steps to have her leaning back to look up at him. Id like nothing more than to have you pounce on me. His voice was a soft growl that had her thinking all sorts of things that had nothing to do with food. Youre very beautiful. No, Im not. He nodded and halved the distance between them. Youre too close. I cant think when youre this close. Jarrett doesnt want her to leave. If she goes, he goes with her. Thats the way it is with mates. But when a corrupt attorney has other ideas, the Emersons have to regroup to protect what they now consider their own....
