

And Then It Happened: An Unexpected Romance

Jane woods seriously hates her neighbor. The constant sex and obnoxiously loud music is driving her crazy. And even though he is a bonafide sex god (perfect hair and body included), he is the last man on earth she would ever fall in love with. That is until he starts showing up everywhere, making her laugh and buying her presents. And then the unexpected happens... She actually starts to like him. But can she overcome her broken heart and overlook his wild past to trust the man who is making all her wildest dreams come true? (Warning: This book includes sex, sexting and happy endings)
