

Orcs vs Elves, vol-2

THIS IS ISSUE 2 (Dark and Taboo Series)(Monster Erotica) Lilith is a young, gorgeous female Elf from the region of langmish. She is an adventurer at heart, unlike her parents who are politicians. She has always been curious as to what happened to the Dwarves in Lorsen Mountains. Her parents has always forbidden her from travelling to that region, alone or otherwise. But what young blood is wise enough to heed their parents advice? Besides, she has traveled solo to the outskirts of that region multiple times already. Along the way, she has engaged with multiple packs of Orcs on various occasions. Her skill with bows and the blade has served her well. Her quickness allowed her to outrun them when she needed to flee. The fifth trip was an ill-fated trip. The moment Lilith left the Elven fortress she was tracked by some of the Orcs she skirmished in the past. Usually, Lilith would kill ten to eleven Orcs then flee. This time though, the Orcs brought close to two hundred and she is overwhelmed and captured. Will she survived what they have planned for her? WARNING: Some scenes contain gratuitous sex. Approx. Word Count: 6,000
