

## Warrior Blind (Dardanos, Co. Book 12)

Destiny finds you, no matter where you go.

Bronwen Sebastos had hidden from the world and the people who cared about her for the last fifteen months. But now those people are needing her to help them prepare for the war that was to come. But Bronwen knew the truth--she could not lead the band of healers into the strange new place. How could she? She was the smallest, the youngest, and the weakest. And she had been blinded over a year ago. How could a blind woman lead? Koios Lothicanos would always feel the guilt for his actions that led to the healer girls injuries. But the Warrior King had his own destiny to follow, and that destiny included protecting Bronwen from all that would harm her. Even himself. But how was he supposed to do that, when the worlds around them were about to erupt into battles the likes of which he had never seen?
