

Wild Girl (Girl Series)

Meadow Byrne spent years escaping her past. Growing up with an eccentric hippie mother, Meadow grew tired of her chaotic and often unstable childhood. When Meadow learns a devastating secret her mother kept from her, she leaves for college, never looking back. She channels her anger into becoming a cutthroat investment banker. Her goal is to be the complete antithesis of her artist mother. Meadow has a few setbacks in her zeal to succeed as a stone cold saleswoman. Her mothers paintings of Elvis bring back a warm childhood memory. Then it becomes too late to patch things up with her mother. Meadows mother passes away. She leaves specific instructions for Meadow. One of which was to find love. No one snaps their fingers and finds love, do they? During a pilgrimage to Graceland to spread her mothers ashes with her best friend, Destiny, Meadow meets a sexy skydiving Elvis impersonator. Liam brings out feelings in Meadow that she thought she hid deep inside. Maybe all Meadow needs to do to heal is to embrace her wild side.
