

## WEREBEAR HEAT (Werebear Firefighter Steamy Romance)

After my sisters death, I thought I wanted to watch the world burn. Turns out, I needed Avery Tanner to set my heart on fire. When Kelly was murdered, my whole world collapsed. Nothing seemed to have any meaning anymore. Nothing except for fire. Thats how I became a firebug. And thats how I met fireman Avery Tanner, the incredibly sexy man who tried so hard to put out my blaze. But all he did was fan the flames of a deeper, darker desire still lurking inside of me. And when my fantasy of being caught by the heroic fireman became a reality, I realized I wasnt the only one. More than that, we both were keeping secrets. And his was bigger, and more terrifying, than I could have ever imagined. Avery Tanner is a werebear! The only thing that will put our souls to rest is each other. And once I have Avery inside me, Im never letting go. Second edition includes new BONUS content from Nikki Wild!
