

Love to Bear: A Werebear Shifter Romance

Samantha Aarons left Sioux Falls with a broken heart for a fresh start in the Montana wilds. Outside Kalispell, the native bears are strange and ferocious - especially when a hulking grizzly steps out of the woods and frightens Sam half to death. Werebear shifter Don Flood can't believe his incredible luck. The beautiful woman he discovers on patrol just might be his fated mate! The delicate flower faints after seeing him turn into a man, and Don sees his opportunity to charge straight into her heart. But love makes men do stupid, dangerous things. The Grizzly Bone Clan has a standing policy against allowing humans on their turf. Still, Don refuses to let the Elders' prejudice steal her away, doubling down on love after Sam reveals the key to the Clans' flatlining population. Sam soon adores the passionate, wild love of her dominant grizzly man. But Happily Ever Afters never seemed further when a wicked conspiracy threatens to scatter their fate forever. Can she survive becoming his mate...or will she feel heartbreak twice? This 41,000+ word werebear romance novel contains steamy situations and language that would make a grizzly blush! Buckle up.
