

Werewolves of Chicago: Howard (Volume 2)

An action-packed tale of courage, good vs. evil, and leaps of faith in yourself transforming you into who you really are. What kind of a werewolf is named Howard? Yeah, I get asked that a lot. The kind suffocated in his youth, who wasn't taught how to be a man...or a wolf. But then I met Curragh, Xavier and Draik, and they made me prove myself. Something happened. My strength, sense of smell, hearing and night-vision are becoming extraordinary. But Alexander Kruglov is still out there, so when I meet the unusual girl with the blue hair, and an insane chain of events unfolds, all I want to do is to learn how to harness these powers and use them to protect what's mine...HER. Even if who my friends think she needs protecting from is me. While this is a stand-alone suspense series with each wolf's whole story completed in one book, they are told chronologically. How you enjoy reading them is up to you. Werewolves of Chicago: Curragh Werewolves of Chicago: Howard
