

Werewolves of New York: Nathaniel

Michelle Nero is a smart, savvy, curvy brunette...and a very loyal friend. So much so that she leaves a club where she's locked eyes with the most handsome man she's ever seen, to tuck her drunken friend Rose into bed. Forgetting to have the taxi wait for her, she finds herself walking home in the dark streets of Downtown Manhattan. When an unsavory villain throws her into the shadows of an alley, a powerful someone comes to her rescue, but she doesn't know who. She's too busy doing what he told her to do: RUN. Nathaniel Jacobs went to the club looking for something superficial and very, very temporary. When a pretty brunette's skirt accidentally hikes up and mortified, she flips around and locks eyes with him...something clicks inside his chest, and there's nothing temporary about it. Needing to have her, he stalks her to Rose's place and it's a good thing, too, because there he discovers her being attacked in an alley. Things get out of hand and Michelle's too upset to know what--or who--came to her rescue. He can't tell her what he is...or can he? A Stand-Alone Werewolf/Shifter Romance series. Each city/state has its own pack. The packs don't overlap--cities can be read in any order.
