

Beyond Love

Every mining outpost needs a sheriff, and Eidan Cozad is just the Eleoni for the job. Newly arrived on planet with his deputy sister in tow, he faces corruption, hostility, and nearly continuous rain. A chance encounter with a defiant human postal worker adds yet one more complication to his mission. Neat and tidy Teah Ruida thought when the Eleoni arrived and enforced some law and order, it would be easier for her to deliver her packages. Instead, she somehow become embroiled in spat after spat with the handsome and assertive Sheriff himself. Even though she doesn't want to think about it, she's become madly curious if the rumor about the strange markings Eleoni hide under their clothes is true. Tension between Eidan and Teah ignites into passion that defies the barriers between their races. When there's a violent ambush initiated by the settlements criminal organization, the future of their love hangs in the balance.
