

Where I Need to Be (Club 24 Book 1)

This romance novel contains explicit content and is not advised for readers under 18 ***Please note the series title has changed as of 7/1/15*** Spencer Marshall was done moping. After catching her boyfriend cheating with his secretary, she decides to have a girls weekend in Vegas with her best friend, Ryan. Lady Luck must be looking out for Spencer, because the hottie that has caught her eye at her new gym is on the same flight to Vegas. Spencer is old-fashioned in the sense that she feels the guy should make the first move, but this hottie hasn't approached her until they have one hot dance in Vegas that leaves her questioning his motives. Will her hottie finally speak to her, or will he continue playing a game of flirtation that may lead to nowhere? And will situations from their past keep them from taking the next step? Despite what people say, not everything stays in Vegas, especially when you work out every day at the same time and at the same gym.
