

## Wicked & Wonderful

Her heart may long for more Judith Lovington escaped a vile man years ago and found sanctuary in a traveling troupe of actors. Fending off the unwanted attentions of rakish gentlemen has become second nature to her. But when Lord Kelthorne begins his assault, never has temptation been stronger. How will she withstand his heated kisses when he represents all that she lost so many years ago and all that she desires now? But his wicked intentions drive her into his arms. Kelthorne meant only to have a little fun when he first caught and kissed Judith in his apple orchard. Though intent on mending his ways and marrying a proper young miss, he cant forget the lovely songstress and sets about to break down her every reserve. As he takes his stolen kisses, however, his clever seductions set to work on his own heart. But will he surrender to love at long last?
