

Wild Stone Heart Tpb

Like its phenomenally popular predecessor, *The Perfection of the Morning*, *Wild Stone Heart* has once again touched a chord with Canadian readers, becoming another #1 bestseller. Its no wonder -- this resonant and deeply moving exploration of a seemingly ordinary field in southwest Saskatchewan is at once an ancient mystery, a lyrical journey between past and present, a fascinating lesson in natural history, and a woman's intimate search for her own place in the world. With every book, Butala delicately carves new and uncharted spiritual geography. *Wild Stone Heart* is no exception, a classic work that will appeal to all of her many fans.
