

## Woman On The Run

Julia Devaux loves big cities. She's partial to chic cafes and old movies and charming men. So she's not ready to be relocated by the Witness Protection Program to a small isolated town in the middle of nowhere. But it's either that or be whacked by the mafia don she witnessed murdering one of his minions. Simpson, Idaho doesn't have chic cafes or cult movie theaters or even sidewalks. And it definitely doesn't have charming men. It does have Sam Cooper, former Navy SEAL, now horse breeder, who makes her feel safe and excited at the same time. True, he doesn't have any charming conversation in him. But conversation isn't what Cooper does best. The gorgeous new second grade schoolteacher who just showed up one day in Simpson is a miracle in Cooper's eyes. Beautiful and smart and kind, she has the town of Simpson wrapped around her little finger. His heart, too, though he doesn't have the words to tell her that. But when killers come for her, Cooper doesn't need words to show what he feels. He's willing to lay down his life for her.
