

Year of the Chick (Book 1 in the Year of the Chick series)

[Book 1 in the Year of the Chick series. There's a bit of a cliffhanger to end this book, but the sequel addresses any unanswered questions] An awkward family homecoming at Christmas. A humiliating public weigh-in, with two judging parents as the audience. The announcement of a deadline for arranged marriage doom. And that's just the first two chapters. In Year of the Chick, Romi Narindra must find love before her parents find her a husband (a seemingly absurd concept that's the norm in many cultures). To escape her fate, Romi wades through the waters of secret-dating, where self-consciousness is at an all-time high, and experience is at an all-time low. It's the sort of thing that would turn almost anyone into a man-crazy freak with romance tunnel-vision, and that's exactly what happens to her. All the while, a lack of inspiration in her corporate job leads Romi to her love of writing, in what quickly becomes a man-quest play-by-play. From whiskey-breath scum bags to uni-brow creeps and everything in between, Romi and her wingmen come up empty time after time. And that's when she meets a fellow writer. On the Internet. So will it be arranged marriage doom, or an Internet affair that's not as creepy as To Catch a Predator? Time will tell in the year of the chick, a twelve-month quest to find love. Tick-tock.
