

Circes Recruits: Zack & Ace: A Multiple Partner Shifter Book

In the three years since Project Dawn disbanded, Zack and Ace continue to fight the good fight. Now civilians, their squad Circes Recruits works for a private organization bent on cleaning up the mess left in its wake. Pearson Labs continues to create Circes, people who have been genetically changed. When needed, these Circes take on an altered form neither man nor animal, but something in between. Unlike Zack and Aces squad, the Circes coming out of Pearson Labs aren't sane. Zack and Ace have been dancing around their just friends relationship for years. Being Circ means unavoidable intimacy when the mating heat strikes, and it's putting a strain on their friendship. They're finally nearing an understanding about what they truly mean to each other when they're stunned by Kelly, the woman they've been lusting after for years. Suddenly she's available to both in a way she's never been before. Lust and love confuse the issue, until wounded emotions pull the threesome apart and Kelly is captured by the enemy. Can Zack and Ace come to grips with their differences in time to save Kelly, or will their difficulties lose them the loves of their lives? Warning: This book contains sexual content readers may find fascinating: group play, m/m, m/f, m/m/f and more. Expect government conspiracies, rough Marines, genetic experiments, and Shifters unlike the kind you think you know. This book is not for the faint of heart. Enjoy! NOTE: This book is a re-release. It's been given a new cover and minor edits, but is the same otherwise as the first edition.
