

Zen Doodle Coloring Book: Peace of Mind

Adult Coloring Book. All illustrations are original works of art created by one artist Judy Brown. The illustrations were hand drawn and then recreated in a vector format assuring that ALL LINES ARE CRISP AND CLEAR, never blurry. Looking through the book you will find a WIDE VARIETY OF FACES featuring girls and women of all ages and ethnicity. Positive quotes and words are included in many of the designs adding a greater depth to the designs. As you turn the pages you will notice some illustrations have doodles and words and others have no doodling at all. All of the illustrations are just waiting for you to be creative. Add your own doodles, lines, words or colors. I have provided all faces and enough of a design to free you from the mindset of I cant draw; thus earning the subtitle Peace Of Mind. There is no right or wrong way to use this book so go for it! Unsure of a design you want to try? Turn to the back of the book to find practice pages. You can use the illustrations in this section to experiment. Trace over the light lines, add lines, doodles, words or color. This is a great place to try out those art supplies. Rediscover the joy of DOODLING & COLORING. Designs are printed on one side only, so bleed through is not a problem. All pages can be trimmed to fit a standard 8x10 frame. Perfect gift for your friends ages 8 and up. Check out Zen Doodle Coloring Book: Nature Girls by Judy Brown sold on Amazon as well.
